We are currently conducting live trials on our new online Marketplace for buying and selling anything involved with cranes, access equipment, telehandlers or lifting equipment.

The Vertikal Marketplace is a very simple format, in which buyers or sellers can upload an advert either using artwork or just plain text and photos.

For the next few weeks anyone can advertise in the Online Marketplace totally free of charge. Attractive 'bolt on' packages will also be available for anyone wishing to add their adverts to the Cranes & Access magazine - both print and digital versions.

If you have something to sell, or are looking for a specific product - just give it a try and please let us know what you think.

SUPPORTING **THE FUTURE**

Our experience teaches us that the market demand for Chinese machinery increased significantly during the past years. To adapt our range to the growing importance of Chinese suppliers, we introduced a versatile emergency stop, applicable in numerous machines of Chinese manufacture. This addition shows that we keep a finger on the pulse of innovation and market evolutions through research and development.
